Project Description: (please use a separate page if necessary)	

The Project includes a parking lot designed with 12 'x 30' parking stalls for automobile parking as illustrated in Figure 1-5 Site Plan. Although the proposed Site Plan identifies 194 parking stalls, the Traffic Impact Analysis (TIA) dated May 19, 2022, prepared for the Project analyzed up to 440 automobiles. Thus, the analysis in this IS/MND assumes up to 440 automobiles parked at the site.

Reviewing Agencies Checklist Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X". If you have already sent your document to the agency please denote that with an "S". Air Resources Board Office of Historic Preservation Office of Public School Construction Boating & Waterways, Department of Parks & Recreation, Department of California Emergency Management Agency Pesticide Regulation, Department of California Highway Patrol Public Utilities Commission Caltrans District # Regional WQCB # Caltrans Division of Aeronautics ___ Resources Agency Caltrans Planning Central Valley Flood Protection Board Resources Recycling and Recovery, Department of S.F.
