G. REPORTS

G.1. CITY COUNCIL REPORTS ON REGIONAL ACTIVITIES

(Informational Oral Presentation - not for Council action)

March Joint Powers Commission (JPC) - No Report

Riverside County Habitat Conservation Agency (RCHCA) - No Report

Riverside County Transportation Commission (RCTC)

Mayor Pro Tem Baca provided a brief report on the RCTC as follows:

State Route 91 is approaching 50 years old, and the freeway sees nearly 280,000 vehicles daily, far exceeding its capacity as developed in the early 1960's. That number is expected to grow by another 140,000 vehicles by 2035. To address current and future demand, SR-91 through the Corona area is currently being improved. I'm pleased to share some great news with Moreno Valley residents who drive on the 91: The \$1.4 billion project to extend express lanes between Interstate 15 and the Orange County / Riverside County line is scheduled for completion by the end of March. RCTC will be hosting a ribbon cutting ceremony to celebrate this outstanding achievement.

Riverside Transit Agency (RTA)

Council Member Marquez provided a brief report on the RTA as follows:

The Riverside Transit Agency is celebrating 40 years of service. On their first day of service on March 16, 1977 they began with 26 used vehicles with just six routes. At that time, RTA's service area was a mere 300 square miles. The basic fare was only a quarter and seniors could ride for a dime. Their first week of service, there were 12,000 boardings. Today, RTA experiences nearly 9 million boardings a year along 36 local fixed routes. RTA's service area has grown to 2,500 square miles and it remains one of the largest in the nation. Interesting to note that in 40 years, the buses have handled 220 million trips. RTA continues to be a world class transportation provider for the region.

Also, good news for our transit riders, RTA has expanded its free Wi-Fi service to all of its fixed route fleet. Whether you want to check your social media or get some work done, RTA has delivered one more reason to take the bus.

Western Riverside Council of Governments (WRCOG)

Mayor Gutierrez provided a brief update of item covered at the WRCOG Executive Committee meeting on March 6, 2017.

BEYOND Framework Fund Program Activities Update

The Round II Program provides sustainable local assistance funding intended to assist member agencies in developing and implement projects that address economy, water, education, environment, health, and transportation. WRCOG is currently offering funding for three segments of BEYOND Framework Fund Program Round II. The BEYOND Core Round II allocation for Moreno Valley is \$161,049.24. All conceptual proposals for BEYOND Core projects are due March 10th, with applications for all other WRCOG Round II grant opportunities due April 7th.

Public Service Fellowship Program

WRCOG has developed a Public Service Fellowship Program to provide local university graduates with career opportunities in local governments and agencies. WRCOG is proceeding with a second round of the Program, where fellows can work up to 30 hours per week at their host agency for a total of up to 960 hours per fiscal year. WRCOG staff is currently working with two universities, University of California Riverside and Cal Baptist University on the second phase of the Program for 2017.

Transportation Uniform Mitigation Fee Program Activities Update

The TUMF Nexus Study establishes a nexus or reasonable relationship between the development impact fee's use and the type of project for which the fee is required. Regular review and update of the Program and Nexus Study is required to ensure validity of the Program. The update of the TUMF Nexus Study has resulted in a proposed draft fee schedule that includes various fee increases for single-family residential, multiple-family residential, industrial, retail and service land uses through July 1, 2020. The Draft Nexus Study has been released for a 45-day review period, with comments due to WRCOG by April 14, 2017.

Western Riverside County Regional Conservation Authority (RCA)

Council Member Giba provided a brief update of the items covered at the RCA Board meeting on March 6, 2017.

Western Riverside County MSHCP Local Development Mitigation Fee Automatic Annual CPI Adjustment

The RCA Board has considered the annual review and increase of the Western

Riverside County Multi-Species Habitat Conservation Plan mitigation fee rate. For 2017, the Consumer Price Index (CPI) fee adjustment increase has been approved by RCA at 1.97%. As a comparison, the 2016 increase or CPI adjustment was 2.03%. If approved, the proposed fee increase will take effect on July 1, 2017.

Nexus Study Update and Development of a Fee Implementation Handbook

Multiple Species Habitat Conservation Plan (MSHCP) fees are based on the original Nexus Study completed in July 2003. The proposed 2017 Updated Fee Nexus Study required by the California Government Code, will be recommending revision to the mitigation fee to reflect current market conditions, values of land needed for conservation, management and monitoring requirements, and funding of an endowment required by the MSHCP. Reasons provided for a Nexus Study Update include options for calculating public project and infrastructure contributions, allowing corresponding ordinances to be updated so that fees can be used for reserve management, and development of a clear MSHCP Fee Implementation Handbook to be used for all member agencies.
