I. INTRODUCTION

The Moreno Valley Community Services District (“CSD” or “District”) was created by a vote of the citizens of Moreno Valley at the time the City incorporated in 1984. The District was formed under Division 3 of Title 6 of the California Government Code, which allows the CSD to collect taxes, charges, and/or assessments for providing specific services. The purpose of the District was to continue to provide services that had been formerly provided by the County of Riverside through County Service Areas and funded through the collection of annual taxes, charges, and/or assessments. The CSD is a dependent special district of the City, and the Moreno Valley City Council serves as the Board of Directors of the CSD. The boundaries of the CSD are the same as those of the City. Parks and community services, and street lighting services formerly provided by the County were assumed by Zones A and B, respectively.

On June 23, 1987, the City Council of the City of Moreno Valley (“City”), acting in its capacity as the CSD Board of Directors (“CSD Board”), approved the establishment of Zone C (Arterial Street and Intersection Lighting), Zone D (Landscape Maintenance), and Zone E (Extensive Landscape Maintenance) within the District. On March 25, 2003, the CSD Board approved the establishment of Zone M (Commercial, Industrial, and/or Multifamily Median Maintenance). On December 13, 2005, the CSD Board approved the establishment of Zone S (Sunnymead Boulevard Maintenance). Each zone provides a level of service based upon the annual taxes, charges, and/or assessments received. Only those parcels that have previously approved inclusion into a zone are subject to the annual taxes, charges, and/or assessments for that zone.

Proposition 218, approved as a constitutional amendment in the November 5, 1996 election, specifically addresses the ability of public agencies to collect taxes, charges, and/or assessments. The City has reviewed Proposition 218 with respect to the CSD collection process. Based upon this review, it has been determined that the CSD taxes, charges, and/or assessments, as currently collected, are in compliance with Proposition 218. Any future increase beyond what the property owners/voters have already approved will require approval by the property owners through a mail ballot proceeding, which will be conducted in accordance with Proposition 218 guidelines and the CSD Board approved Policy For Conducting Mail Ballot Proceedings, which was originally adopted on January 9, 2001 (as most recently amended on February 23, 2010).

To clarify the status of certain CSD charges levied in connection with the CSD Zones, the CSD Board established two assessment districts pursuant to the Landscape and Lighting Act of 1972 (Section 22500 et seq. of the California Streets and Highways Code) to replace and succeed certain zones within the CSD, with no increase in the assessment amount levied, as previously approved by the property owners.

On May 27, 2014, the CSD Board adopted Resolution No. CSD 2014-08, forming Moreno Valley Community Services District Lighting Maintenance District No. 2014-01 (“LMD 2014-01”) to replace and succeed Zone B. The LMD 2014-01 annual assessment replaced the Zone B charge on the property tax bill. Discussion regarding

the residential street light program can be found in the Annual Assessment Engineer's Report for LMD 2014-01.

On May 27, 2014 the CSD Board also adopted Resolution No. CSD 2014-09, forming Moreno Valley Community Services District Landscape Maintenance District No. 2014-02 ("LMD 2014-02") to replace and succeed certain Zone E charges. The LMD 2014-02 annual assessments replaced the Zone E charge on the property tax bill for the zones that are included in LMD 2014-02. Discussion regarding the successor zones can be found in the Annual Assessment Engineer's Report for LMD 2014-02.

This Annual Report ("Report") documents the FY 2015/16 CSD taxes, charges, and/or assessments. All property owners who are currently subject to taxes, charges, and/or assessments were sent a notice similar to that of [Appendix A](#).

II. ANNUAL UPDATE

The CSD provides special programs such as parks and community services; arterial and intersection street lighting; and median, open space, and parkway landscape maintenance. The City's Special Districts Division administers the collection of the CSD taxes, charges, and/or assessments and works to provide cost savings and improved services throughout the year. Some of these actions include:

- Development and mailing of an Annual Update to all property owners, which highlights the services provided, accomplishments completed during the preceding year, and provides updates on improvements or subjects that affect the service areas.
- Enhancing the Special Districts Division webpage to include:
 - boundary maps of the parcels in the CSD;
 - service level guidelines;
 - Special Financing Districts Property Lookup - a tool that allows the user to access the City levied taxes, charges, and/or assessments that a given parcel is subject to; and
 - integration of the City's Moreno Valley Map Viewer into the Special Financing Districts Property Lookup tool. The Map Viewer allows the user to see the general location of the landscape improvements that are maintained with the funding received from the annual landscape charges or assessments.
 - Information on how to report street light outages directly to the utility provider.
- Creation of a direct access point to the Division webpage (www.moval.org/sd).
- Providing a landscape service request form on the City's website, (www.moval.org - on the main page under the Online Services tab) for ease of reporting service requests.
- Developed a Broken Sprinkler request form on the City's website (www.moval.org – on the main page under the Online Services tab) to encourage the public to report broken or leaking sprinklers in City maintained areas.
- Standardizing maintenance service schedules to ensure landscaping is being maintained on a consistent basis.
- Continual refinement of the competitive proposal process for maintenance contracts.
- Continual review and monitoring of maintenance contracts to provide efficiencies and reduce costs including combining landscape maintenance zones under one contract for cost and administration efficiencies for both the City and contractors.
- Establishing a single point of contact for property owner inquiries (specialdistricts@moval.org).

- Spearheading the Coalition for Affordable Street Lights (“CASL”) to represent the City of Moreno Valley, along with other cities, in general rate cases which may affect street light costs. The cities of Torrance, Rancho Cucamonga, Huntington Beach, and Murrieta have been participating in CASL’s efforts to evaluate SCE’s 2015 Phase 1 application.

The following provides a brief summary of activities performed through the end of March 2015:

91	Landscape Service Requests
122	Different landscape areas administered and managed
176	Tree and/or stumps removed
300	Flats of groundcover replaced
536	City Processed Street Light Repair Requests ^{1,2}
1,923	Trees trimmed
2,375	Cubic Yards of mulch installed
173	Underground Service Alerts ²
2,029,971 ^{+/-}	Square feet of maintained landscape areas
¹ Excludes customer requests made directly to the utility provider.	
² Includes requests for all special financing districts within the city (CSD and LMD).	

III. ZONE DESCRIPTIONS

The purpose of the zones is to provide stable revenue sources to fund the ongoing operation and maintenance of the improvements.

A. ZONE A (PARKS & COMMUNITY SERVICES)

I. BOUNDARIES

The boundaries for Zone A encompass the entire City. All assessable (taxable) properties within the City boundaries are levied this parcel tax to support the services outlined below. A map showing the boundaries of Zone A is included in [Appendix C](#), and is also on file at the office of and available online from the Financial & Management Services Department, Special Districts Division (www.moval.org/sd).

II. IMPROVEMENTS AND SERVICES

Prior to City incorporation, the County of Riverside formed certain County Service Areas to provide parks and community services above the level that was generally provided by the County of Riverside. At the time of City incorporation, CSD Zone A was formed to continue to provide the enhanced level of parks and community services. Services funded by the Parks & Community Services Department include maintenance of approximately 598 acres of citywide parkland and 35 park sites; 5 facilities, 90 youth, teen and adult recreation activities, and 20 special events; the July 4th Annual FunFest and Sights and Sounds of Liberty Parade; the Senior Center which offers 35 senior activities/programs and 32 Senior Center annual special events; the Child's Place after school program which has 5 different sites; and 10 miles of improved multi-use trails. Certain areas within the City may also participate in Community Facilities District No. 1, which provides funding for the maintenance of facilities and additional services beyond those provided by Zone A. Detailed design plans and specifications for park facilities are on file in the office of the Parks & Community Services Department.

B. ZONE C (ARTERIAL STREET AND INTERSECTION LIGHTING)

I. BOUNDARIES

The boundaries for Zone C encompass the entire City. All assessable (taxable) properties within the City boundaries are levied this parcel tax to support the services of both arterial and intersection street lighting with the exception of those parcels within the boundaries of the Edgemont Community Services District ("ECSD"). The ECSD provides its own arterial and intersection street lighting service. A map identifying the boundaries of Zone C is included in [Appendix C](#), and is also on file at the office of and available online from the Financial & Management Services Department, Special Districts Division (www.moval.org/sd).

I. IMPROVEMENTS AND SERVICES

Although the City is under no duty or legal obligation to illuminate its streets, Zone C was established to provide funding for arterial street lighting and intersection lighting on major roadways throughout the zone. The location of each street light within the CSD

can be found by using the City's map viewer at http://www.moreno-valley.ca.us/city_hall/city_maps.shtml. From the Moreno Valley Map Viewer, the user should select "Base Map" in the top right corner, and select "more map layers" under "Map Themes". To expand the map layers, select "Operations", expand "Operations" and select "Street Lights". The facilities can be viewed when the map scale is less than 10,000. The following provides a summary of the existing street light improvements, which are funded by Zone C as of March 2015. Detailed design plans and specifications for the street lights are on file in the office of the Public Works Department.

Zone C Street Light Inventory

Southern California Edison

HPSV 5800 lumen (LS-1)	4
HPSV 9500 lumen (LS-1)	136
HPSV 22000 lumen (LS-1)	2142
HPSV 27500 lumen (LS-1)	9
LS-3 Meters	154

Moreno Valley Electric Utility

HPSV 22000 lumen (LS-1)	542
LS-3 Meters	38

C. ZONE D (PARKWAY LANDSCAPE MAINTENANCE)

I. BOUNDARIES

The boundaries for Zone D encompass the entire City; however, only parcels within identified residential tracts or development areas receiving services are levied a charge. A map, identifying the boundaries of Zone D and the parcels subject to the zone charge, is included in [Appendix C](#) and is also on file at the office of and available online from the Financial & Management Services Department, Special Districts Division (www.moval.org/sd).

I. IMPROVEMENTS AND SERVICES

Zone D was formed to provide a funding source for the maintenance services of landscape improvements where specific residential tracts or development areas have installed landscaped perimeters, entry statements, or medians within the City's right-of-way or in landscape easement areas and have requested the CSD maintain the improvements on behalf of the property owners. A general summary of the improvements, equipment, and locations for each residential tract are set forth in [Appendix D](#). The general location of the improvements can also be found by using the City's map viewer at http://www.moreno-valley.ca.us/city_hall/city_maps.shtml. From the map viewer, select "Base Map" in the top right hand corner, and select "Special Districts" under "Map Themes"..

The improvements are scheduled to be maintained per the CSD Zone D General Service Level Guidelines as set forth in [Appendix E](#). Based on these guidelines, the maintenance service levels are provided based on available funding. Detailed design plans and specifications for the landscape improvements are on file in the office of the Financial & Management Services Department, Special Districts Division.

D. ZONE E (EXTENSIVE LANDSCAPE MAINTENANCE)

I. BOUNDARIES

The boundaries and the parcels subject to the zone charge for Zone E's two subzones, Zone E-7 and Zone E-8, are depicted on the map included in [Appendix C](#). The map is also on file at the office of and available online from the Financial & Management Services Department, Special Districts Division (www.moval.org/sd).

II. IMPROVEMENTS AND SERVICES

Zone E was formed to provide a funding source for the landscape maintenance services where specific areas or subzones have installed extensive landscaping in and around specific major residential/commercial development areas within the City's right-of-way or in landscape easement areas and have requested the CSD maintain the improvements on behalf of the property owners. A general summary of the improvements and locations for each area are set forth in [Appendix D](#). The general location of the improvements can also be found by using the City's map viewer at http://www.moreno-valley.ca.us/city_hall/city_maps.shtml. From the map viewer, select "Base Map" in the top right hand corner, and select "Special Districts" under "Map Themes".

The improvements are scheduled to be maintained per the CSD Zone E General Service Level Guidelines as set forth in [Appendix E](#). Based on these guidelines, the maintenance service levels are provided based on available funding. Detailed design plans and specifications for the landscape improvements are on file in the office of the Financial & Management Services Department, Special Districts Division.

E. ZONE M (COMMERCIAL, INDUSTRIAL, AND/OR MULTIFAMILY MEDIAN MAINTENANCE)

I. BOUNDARIES

The boundaries for Zone M encompass the entire City; however, only those parcels that have approved the annual charge through a mail ballot proceeding are levied a charge. A map, identifying the boundaries of Zone M and the parcels subject to the zone charge, is included in [Appendix C](#) and is also on file at the office of and available online from the Financial & Management Services Department, Special Districts Division (www.moval.org/sd).

II. IMPROVEMENTS AND SERVICES

Zone M was formed to provide a funding source for the landscape maintenance services where specific commercial, industrial, or multifamily projects have installed and/or are conditioned to provide funding for the ongoing maintenance of those landscaped medians within the City's right-of-way. A general summary of the improvements, equipment, and locations are set forth in [Appendix D](#). The general location of the improvements can also be found by using the City's map viewer at http://www.moreno-valley.ca.us/city_hall/city_maps.shtml. From the map viewer, select "Base Map" in the top right hand corner, and select "Special Districts" under "Map Themes".

The maintenance service levels are provided based on available funding. Detailed design plans and specifications for the landscape improvements are on file in the office of the Financial & Management Services Department, Special Districts Division.

F. ZONE S (SUNNYMEAD BOULEVARD MAINTENANCE)

I. BOUNDARIES

The boundaries of Zone S include parcels fronting Sunnymead Boulevard from Frederick Street to Perris Boulevard. A map, identifying the boundaries of Zone S and the parcels subject to the zone charge, is included in [Appendix C](#) and is also on file at the office of and available online from the Financial & Management Services Department, Special Districts Division (www.moval.org/sd).

I. IMPROVEMENTS AND SERVICES

Zone S was formed to provide a funding source for landscape maintenance services for parcels along Sunnymead Boulevard. In participation with the City and the former Redevelopment Agency of the City of Moreno Valley, certain parkway and median improvements were installed within the City's right-of-way. The CSD maintains the improvements installed as part of the former Redevelopment Agency's revitalization

project on behalf of the property owners. The maintenance is funded through the Zone S annual charge. A general summary of the improvements, equipment, and locations are set forth in [Appendix D](#). The general location of the improvements can also be found by using the City's map viewer http://www.moreno-valley.ca.us/city_hall/city_maps.shtml. From the map viewer, select "Base Map" in the top right hand corner, and select "Special Districts" under "Map Themes".

The maintenance service levels are provided based on available funding. Detailed design plans and specifications for the landscape improvements are on file in the office of the Financial & Management Services Department, Special Districts Division.

IV.METHOD OF ANNUAL PARCEL TAX/CHARGE CALCULATION

This section of the Report presents the FY 2015/16 parcel taxes/charges for each zone of the CSD and a brief description of the method (formula) used for calculating the parcel taxes/charges. The parcel taxes/charges are calculated according to the cost to provide for the operation and maintenance of the improvements within the zones along with any applicable administration costs. A list containing the assessor’s parcel number (“APN”) and the corresponding applied taxes, charges, and/or assessments for each zone is provided in [Appendix F](#).

As noted in the following sections, annual inflation adjustments may be authorized by the CSD Board and applied to the taxes, charges, and/or assessments each year, if property owner’s have previously approved such adjustments. The maximum annual inflation adjustment is based on the Department of Labor, Bureau of Labor Statistics, Regional Consumer Price Index for All Urban Consumers for Los Angeles-Riverside-Orange County (“CPI”), or another identified index. The following table provides a history of the CPI.

Calendar Year	CPI Adjustment	Fiscal Year Applied
2008	0.10%	2009/10
2009	1.83%	2010/11
2010	1.34%	2011/12
2011	2.17%	2012/13
2012	1.93%	2013/14
2013	1.14%	2014/15
2014	0.73%	2015/16

A. ZONE A (PARKS & COMMUNITY SERVICES)

Prior to Proposition 218, the calculation of the applied Zone A parcel tax was derived by dividing the total estimated budget by the total number of residential parcels and number of actual dwelling units, nonresidential parcels, and undeveloped parcels. Although costs to provide the services have increased and exceeds revenues to fund operations and maintenance, the parcel tax for Zone A has remained at \$87.50 per parcel/dwelling unit since FY 1992/93. Current funding shortfalls have been met with contributions from the use of existing fund balances or contributions from the City’s General Fund. The FY 2015/16 proposed budget includes an allocation of \$522,000 from the General Fund to support the parks and community services programs.

The Zone A parcel tax is \$87.50 per dwelling unit or nonresidential or undeveloped taxable parcel. The total amount levied on the FY 2014/15 property tax bills was \$4,929,837.50. The total proposed maximum and applied amount to be levied on the property tax bills for FY 2015/16 is \$4,930,450. There is **no increase** in the parcel tax for FY 2015/16; an annual inflation adjustment has not been approved for this zone.

B. ZONE C (ARTERIAL STREET AND INTERSECTION LIGHTING)

Prior to the passage of Proposition 218, the method of parcel tax calculation was based on the estimated annual budget divided by the total number of taxable parcels within the CSD, excluding those parcels in the ECSD. Although costs to provide the services to operate arterial and intersection street lights have increased, the parcel tax for Zone C has remained constant at \$9.00 per parcel since FY 1996/97.

In FY 2010/11, all remaining Zone C fund balances were used to continue the operation and maintenance of arterial and intersection street light services. Zone C received a contribution from the General Fund of \$90,000 for FY 2011/12. Each year since, Zone C has required an additional contribution from the General Fund. Zone C will require contributions from the General Fund in future years unless the cost of operations and maintenance levels is reduced or an additional funding source is identified. The City Council authorized the subsidy of the arterial and intersection street lighting program from the General Fund through FY 2014/15. The FY 2015/16 proposed budget includes an allocation of \$206,749 from the General Fund to continue the current level of arterial street lighting services.

The Zone C parcel tax is \$9.00 per taxable parcel. The total amount levied on the FY 2014/15 property tax bills was \$423,198. The total proposed maximum and applied amount to be levied on the property tax bills for FY 2015/16 is \$423,225. There is **no increase** in the parcel tax for FY 2015/16; an annual inflation adjustment has not been approved for this zone.

C. ZONE D (PARKWAY LANDSCAPE MAINTENANCE)

The cost per parcel or unit of property is calculated by the estimated cost of operations and maintenance for each tract divided by the number of parcels/units within the tract. Tracts where the operational and maintenance costs exceed the revenue collected from current charges, available fund balances are used until a Proposition 218 mail ballot proceeding can be conducted to seek approval to increase the annual charge. In compliance with Proposition 218, mail ballot proceedings are conducted for landscape maintenance services for new residential developments or to increase the charge for existing tracts where actual costs exceed revenue received from the charges generated by that tract. Certain tracts within this zone have approved an annual CPI adjustment. The following table provides a summary of FY 2014/15's maximum and applied charges in addition to the FY 2015/16 proposed maximum and applied charges. The total amount levied on the FY 2014/15 property tax bills was \$1,178,285.98. The total proposed amount to be levied on the property tax bills for FY 2015/16 is \$1,184,485.96.

Zone D					
Tract Number	FY 2014/15 Maximum Charges	FY 2014/15 Applied Charges	Proposed FY 2015/16 Maximum Charges	Proposed FY 2015/16 Applied Charges	Proposed FY 2015/16 Total Levy
10191/18468	\$74.98	\$74.98	\$75.52	\$75.52	\$5,815.04

Total Zone D Proposed Levy for FY 2015/16					\$1,184,485.96
(1) An annual inflation adjustment has not been approved by the property owners.					
(2) Tract 27251/-1 was annexed into LMD 2014-02 (May 12, 2015), replacing the Zone D charge.					

D. ZONE E (EXTENSIVE LANDSCAPE MAINTENANCE)

Zone E charges are based on the operation and maintenance costs for the landscape improvements for each specific planned development. Developments (i.e. subzones) are considered independent and the estimated budget for the required services is divided by the number of residential lots, equivalent dwelling units, and/or acreage in that development yielding a parcel charge, unit charge, and/or acreage charge. Landscape maintenance service is provided at a service level that can be supported by the revenue from the annual charges. Service levels are defined in the Zone E Service Plan Policy (originally approved on September 25, 2007 and most recently amended on April 26, 2011).

In subzones where operational and maintenance costs exceed the revenue collected from current charges, available fund balances are used until a Proposition 218 mail ballot proceeding can be conducted to seek approval to increase the annual charge. In compliance with Proposition 218, mail ballot proceedings are conducted for landscape maintenance services for new subzones or to increase the charge for existing subzones where actual costs exceed the revenue received from the charges generated by that subzone. Property owners in all subzones have approved an annual CPI adjustment. The following table provides a summary of FY 2014/15's maximum and applied charges in addition to the FY 2015/16 proposed maximum and applied charges. The total amount levied on the FY 2014/15 property tax bills was \$382,222.32. The total proposed amount to be levied on the property tax bills for FY 2015/16 is \$383,095.96.

Zone E							
Subzone	Specific Plan or Major Development Description	Charge Category	FY 2014/15 Maximum Charges	FY 2014/15 Applied Charges	Proposed FY 2015/16 Maximum Charges	Proposed FY 2015/16 Applied Charges	Proposed FY 2014/15 Levy
E-7	Centerpointe	Per acre	\$725.59	\$725.59	\$730.88	\$730.88	
Zone E-7 Total							\$120,704.38
E-8	Promontory Park	Per parcel	566.76	542.52	570.89	542.52	
		Per condo unit	200.64	192.06	202.10	192.06	
Zone E-8 Total							\$262,391.58
Total Proposed Zone E Levy for FY 2015/16							\$383,095.96

E. ZONE M (COMMERCIAL, INDUSTRIAL AND/OR MULTIFAMILY MEDIAN MAINTENANCE)

Zone M charges are calculated by determining the proportional obligation for each contributing parcel based on the total median maintenance including administrative costs attributable to the improved median area.

Parcels subject to the Zone M charge fund the proportional cost of landscape maintenance for the median area associated with or fronting the development project, for the median landscape maintenance and related administration costs. Property owners of most developments within this zone have approved an annual CPI adjustment. The following table provides a summary of FY 2014/15's maximum and applied charges in addition to the FY 2015/16 proposed maximum and applied charges. The total amount levied on the property tax bills for FY 2014/15 was \$165,638.02. The

total proposed amount to be levied on the property tax bills for FY 2015/16 is \$157,079.82.

Total Proposed Zone M Levy for FY 2015/16				\$157,079.82
⁽¹⁾ An annual inflation adjustment has not been approved by the property owners.				

F. ZONE S (SUNNYMEAD BOULEVARD MAINTENANCE)

Zone S charges are calculated by determining the proportional financial obligation, based on front linear footage, of the properties along Sunnymead Boulevard between Frederick Street and Perris Boulevard. The Sunnymead Boulevard improvements were installed as part of the former Redevelopment Agency's revitalization project. The charges for this zone pay for the maintenance of certain landscape improvements along Sunnymead Boulevard and administrative costs associated with the zone.

The proposed maximum and applied rate for Zone S for FY 2015/16 is \$3.010550 per front linear footage. An annual CPI adjustment has been approved by the property owners for this zone. The following table provides a summary of FY 2014/15's maximum and applied charges in addition to the FY 2015/16 proposed maximum and applied charges. The total proposed amount to be levied on the property tax bills for FY 2015/16 is \$57,300.22.

Appendix A: NOTICE TO PROPERTY OWNERS

PUBLIC HEARING

**Tuesday,
June 9, 2015
6:00 p.m.**

(or as soon as the matter may be called)

**City Council
Chamber**

**14177 Frederick St.
Moreno Valley,
CA 92553**

CONTINUATION OF ANNUAL PARCEL CHARGES

The Community Services District (CSD) Board of Directors has scheduled a Public Hearing to consider continuation of the existing CSD parcel charges to be levied on property tax bills in fiscal year 2015/16. Parcel charges fund services for property you own in Moreno Valley. Board approval will continue the parcel charges at the existing rates and, if previously approved by the property owners, will include an annual inflation adjustment.

**NO NEW PARCEL CHARGES
ARE PROPOSED
as part of this
Public Hearing.
Your attendance is optional.**

**NO SE PROPONEN
NUEVOS CARGOS
son propuestos como parte
de esta audiencia pública.
Su participacion es opcional.**

The CSD Annual Report (preliminary) listing each parcel and the maximum and applied CSD parcel charge for fiscal year 2015/16 will be on file with the City Clerk's office prior to the Public Hearing and/or can be viewed at www.moval.org/sd.

Mowing, Edging & Trimming (Of Turf Areas Only)	Weekly	Monthly (or Bi-monthly as needed)	N/A
Aeration	3 times per year	As needed	N/A
Tree Trimming	1 time every 3-4 years or when necessary to eliminate hazard and/or ROW encroachment	1 time every 5-7 years or when necessary to eliminate hazard and/or ROW encroachment	1 time every 5-7 years or when necessary to eliminate hazard and/or ROW encroachment
Shrub Trimming	1 time per year (minimum) to eliminate hazard and/or ROW encroachment	1 time per year to eliminate hazard and/or ROW encroachment	1 time per year to eliminate hazard and/or ROW encroachment
Ground Cover Trimming	4 times per year (quarterly) to eliminate hazard and/or ROW encroachment	2 times per year to eliminate hazard and/or ROW encroachment	2 times per year to eliminate hazard and/or ROW encroachment
Weed Control	Monthly	4 times per year (quarterly)	4 times per year (quarterly)
Irrigation	Weekly (inspect/adjust/repair)	Monthly (inspect/adjust/repair)	Monthly (inspect/adjust/repair)
Litter Removal	Weekly	1 time per month or at least 1 time per 2 months	1 time per month or at least 1 time per 2 months
Turf Fertilizer	7 applications per year	3 applications per year	N/A
Shrub Fertilizer	2 applications per year	1 application per year	N/A
Tree Fertilizer	As needed	As needed	As needed
Pesticides:			
Shrubs/Ground Covers (pre-emergent)	2 times per year	As needed (budget permitting)	N/A
Shrubs/Ground Covers (insect/disease control)	As needed	As needed (budget permitting)	N/A
Shrubs/Ground Covers (vertebrate pest control)	As needed	As needed (budget permitting)	N/A
Turf (weed control)	As needed	As needed (budget permitting)	N/A
Turf (vertebrate pest control)	As needed	As needed (budget permitting)	N/A

* The table sets forth the general guidelines for landscape maintenance services. Since every service area is unique and may require adjusted services based on seasonal demands and available funding, the actual services provided shall be determined by the Special Districts Division Manager. The service level for each service area is contingent upon available funding to support the designated level of service.
