## Economic Development Business Support Services

Because the small business community is the foundation of our local economy, the City offers the business support services described below and has a liaison to serve as a single point of contact for business support at City Hall.

### PERSONAL CONNECTIONS

Face-to-face communication, relationship building, problem solving, and celebrations of success are all part of what makes Moreno Valley a best place to do business. Three programs provide an opportunity to engage in open dialogue about experiences with City Hall, the local market, opportunities, obstacles, or any other business related items.

- The **Business Roundtable** is a program for businesses within a particular Council District hosted by the respective Council Member, and the Economic Development Department.
- Business Visitations are made by City leaders and staff to provide one-on-one services your business may need.

### BUSINESS COUNSELING SERVICES

Moreno Valley supports two organizations that provide free business counseling services and workshops all located within the TownGate Center at 12625 Frederick Street, Ste. K-3.
