

**SENATE BILL 18 (SB18) NATIVE AMERICAN CONTACT RECORD**

**Proposed Eucalyptus Industrial Park Project, City of Moreno Valley, Riverside County, California**

Date LSA Requested a Sacred Lands File Search from the Native American Heritage Commission (NAHC): July 13, 2011.

Date the NAHC Replied: July 20, 2011.

Results of Sacred Lands File Search: Native American cultural resources were *not* identified in the USGS coordinates specified for the project area; however, the NAHC recommended that 10 tribes/individuals be contacted for information regarding cultural resources that could be impacted.

<b>Groups Contacted</b>	<b>Date LSA Sent Letter to Tribes</b>	<b>Date a Response to the Letter was Received by LSA (if Applicable)</b>	<b>Date and Results of LSA Follow-up Telephone Calls and/or emails</b>
Los Coyotes Band of Mission Indians Spokesperson <i>Cahuilla</i>	07-25-11	No response received.	08-09-11: A follow up email was sent. 08-16-11: A message was left with an administrator. The Tribe will return the call if there are concerns.
Santa Rosa Band of Mission Indians Mayme Estrada, Chairwoman <i>Cahuilla</i>	07-25-11	No response received.	08-09-11: A follow up email was sent to Ms. Estrada, and also to Steven Estrada in Cultural Resources. 08-10-11: An email was received from Gabriella Rubalcava, Tribal Council. The email stated that the Band does not have specific concerns and deferred further consultation to Joe Ontiveros, Soboba Band of Luiseño Indians.
Pala Band of Mission Indians Tribal Historic Preservation Office/Shasta Gaughen <i>Luiseño, Cupeño</i>	07-25-11	No response received.	08-09-11: A follow up email was sent to Ms. Gaughen. She responded to say that the project is outside of their area and they have no concerns. A letter is forthcoming. 08-10-11: A letter stating the above dated August 5, 2011 was received.
Morongo Band of Mission Indians Robert Martín, Chairperson <i>Cahuilla, Serrano</i>	07-25-11	No response received.	08-09-11: A follow up email was sent to Michael Contreras. He is the spokesperson for cultural resources. 08-17-11: Mr. Contreras responded by telephone to state that they have no concerns at this time. He requested a copy of the final report and a City contact should the Tribe wish to engage in formal consultation.
Ramona Band of Cahuilla Mission Indians Joseph Hamilton, Chairman <i>Cahuilla</i>	07-25-11	No response received.	08-09-11: A follow up email was sent to Mr. Hamilton, and also to John Gomez in Cultural Resources. 08-16-11: A second follow up email was sent to Mr. Hamilton and Mr. Gomez.
Pechanga Band of Mission Indians Mark Macarro, Chairperson <i>Luiseño</i>	07-25-11	No response received.	08-09-11: A follow email was sent to Terrie Brown, Executive Secretary, and also to Paul Macarro and Anna Hoover in Cultural Resources. Ms. Hoover

Groups Contacted	Date LSA Sent Letter to Tribes	Date a Response to the Letter was Received by LSA (if Applicable)	Date and Results of LSA Follow-up Telephone Calls and/or emails
			responded to say that they do have comments and will send an official comment letter directly to the City.
San Manuel Band of Mission Indians James Ramos, Chairperson <i>Serrano</i>	07-25-11	No response received.	08-09-11: A follow up email was sent to Mr. Ramos, and also to Ann Brierty in Cultural Resources. 08-16-11: A voicemail was left for Ms. Brierty.
Serrano Nation of Indians Goldie Walker <i>Serrano</i>	07-25-11	No response received.	08-16-11: Mark Lee Cochrane, Ms. Walker's son who is also on the Tribal Council, spoke for the Tribe. They would like to be notified of any discoveries and also request a copy of the final report.
Soboba Band of Mission Indians Scott Cozaet, Chairperson; Attn. Carrie Garcia <i>Luiseno</i>	07-25-11	No response received.	08-09-11: A follow up email was sent to Darren Hill (the email contact provided by the NAHC) and also to Joe Ontiveros in Cultural Resources. The email to Mr. Hill was returned. 08-16-11: A voicemail was left for Carrie Garcia, the Executive Secretary for Chairman Cozaet as shown on the NAHC list. 08-17-11: A letter was received via email from Joe Ontiveros, Cultural Resources Department. The letter stated that the project is within the Tribe's Traditional Use Area and is very sensitive to the people of Soboba. The Tribe requests government to government consultation in accordance with SB18; that Soboba continue to be the lead consulting Tribe for the project; that project construction be monitored by a Soboba monitor; and that the proper procedures be taken and the requests of the Tribe are honored.
Cahuilla Band of Indians Luther Salgado, Sr., Chairperson <i>Cahuilla</i>	07-25-11	No response received.	08-09-11: A follow up email was sent to Mr. Salgado, and also to Environmental Officer Yvonne Markel. Ms. Markel responded to say that the Tribe presently has no knowledge of cultural resources within the project area. However, due to the possibility of encountering cultural resources during construction, they request monitoring by a Native American and can provide trained monitors. They also would like to request copies of any cultural resource documentation.

Re: Tribal Consultation Per Government Code §§ 65092, 65351, 65352.3, 65352.4, 65560 and 65562.5 (SB 18) General Plan Amendment for the Eucalyptus Industrial Park Project., located in the City of Moreno Valley, Riverside County, California

Dear Mr. Fulton:

Government Code §65352.3 requires local governments to consult with California Native American tribes identified by the Native American Heritage Commission (NAHC) for the purpose of protecting, and/or mitigating impacts to cultural places. The Native American Heritage Commission is the state "trustee agency" designated for the protection of Native American Cultural Resource pursuant to CA Public Resources Code §21070.. Attached is a consultation list of tribes with traditional lands or cultural places located within the Project Area of Potential Effect (APE). The tribal entities on the list are for your guidance for **government-to-government consultation** purposes. Pursuant to CA Public Resources Code §5097.95, please provide pertinent project information to the tribal consulting parties.

The NAHC did perform a Sacred Lands File search of the project location and **Native American cultural resources were not identified** by the USGS coordinates provided for the 'area of potential effect - APE'. Also, the NAHC Sacred Lands Inventory is not exhaustive; cultural resources may be discovered during construction ground-breaking activity. Please contact the Native Americans on the attached list to determine, from their knowledge, if the proposed changes might impact on Native American cultural resources.. in order to see if your proposed project might impact Native American cultural resources that may be affected by the proposed action. If so, Section 15362 of the CEQA Guidelines defines a significant impact on the environment as "substantial," and Section 2183.2 requires documentation, data recovery of cultural resources identified. The NAHC recommends that lead agencies provide appropriate archaeological studies and pertinent project information to the consulting Native American tribes.

The Native American Heritage Commission works with Native American tribal governments regarding its identification of 'Areas of Traditional Use,' The Commission may adjust the submitted data defining the 'Area of Traditional Use' in accordance with generally accepted ethnographic, anthropological, archeological research and oral history.

If you have any questions, please contact me at (916) 653-6251.

Sincerely,

  
Dave Singleton, Program Analyst

Subject: SB 18 Native American Consultation for the Eucalyptus Industrial Park Project, City of  
Moreno Valley, Riverside County, California

Mr. Macarro:

LSA Associates, Inc. (LSA) was retained by the City of Moreno Valley (City) to conduct a cultural resources assessment of the approximately 121-acre (ac) project site for the Eucalyptus Industrial Park project in the City of Moreno Valley, Riverside County, California. The project is depicted on the *Sunnymead, California* United States Geological Survey 7.5-minute topographic quadrangle map in Section 2, Township 3 South, Range 3 West, San Bernardino Baseline and Meridian. The project is bounded by California State Route 60 on the north, Pettit Street on the west, Quincy Street on the east, and Eucalyptus Avenue on the south. The cultural resources assessment is being conducted pursuant to the California Environmental Quality Act (CEQA).

A General Plan Amendment is now proposed for the project location. This letter of notification regarding the Eucalyptus Industrial Park Project is being sent on behalf of the City as part of the Native American scoping for Senate Bill 18 (SB 18 [Burton]) consultation. SB 18 states that local California governments consult with Native American tribes and groups when a General Plan amendment is being proposed. A map of the project area is attached.

To determine whether any cultural resources may be affected by the project, LSA has contacted the Eastern Information Center located at the University of California, Riverside to perform a records search for the project area. Results of the records search are pending. LSA has also contacted the Native American Heritage Commission (NAHC) to request a search of its Sacred Lands File (SLF) Results of the SLF search did not indicate the presence of Native American cultural resources within the proposed project area. However, you are being contacted because the NAHC has identified you as someone who may have information and/or concerns about cultural resources that could be impacted by the Eucalyptus Industrial Park Project.

Please contact me at your earliest convenience if you have comments or knowledge regarding the Eucalyptus Industrial Park Project and its potential to impact cultural resources. You may contact me at the above telephone number or address, or by email at [terri.fulton@lsa-assoc.com](mailto:terri.fulton@lsa-assoc.com). If you would like to speak with a City representative directly, I will be happy to provide contact information.

If I do not receive a response from you, I will contact you by telephone or email in the near future to discuss any comments or concerns you may have. Thank you for your involvement in this process. Your input is important to this project, and I look forward to hearing from you.

Sincerely,

LSA ASSOCIATES, INC.

Terri Fulton  
Archaeologist/Senior Cultural Resources Manager  
Native American Consultation Coordinator

Hello,

I sent a letter on July 25, 2011, notifying the Tribe of the Eucalyptus Industrial Park Project. The text of the letter is pasted below, and a map of the project area is attached. I am following up to see if there are any comments or concerns about this project and its potential to affect cultural resources. Please let me know at your earliest convenience. Thank you.

Best Regards,

**Subject:** SB 18 Native American Consultation for the Eucalyptus Industrial Park Project, City of Moreno Valley, Riverside County, California

To whom it may concern:

LSA Associates, Inc. (LSA) was retained by the City of Moreno Valley (City) to conduct a cultural resources assessment of the approximately 121-acre (ac) project site for the Eucalyptus Industrial Park project in the City of Moreno Valley, Riverside County, California. The project is depicted on the *Sunnymead, California* United States Geological Survey 7.5-minute topographic quadrangle map in Section 2, Township 3 South, Range 3 West, San Bernardino Baseline and Meridian. The project is bounded by California State Route 60 on the north, Pettit Street on the west, Quincy Street on the east, and Eucalyptus Avenue on the south. The cultural resources assessment is being conducted pursuant to the California Environmental Quality Act (CEQA).

A General Plan Amendment is now proposed for the project location. This letter of notification regarding the Eucalyptus Industrial Park Project is being sent on behalf of the City as part of the Native American scoping for Senate Bill 18 (SB 18 [Burton]) consultation. SB 18 states that local California governments consult with Native American tribes and groups when a General Plan amendment is being proposed. A map of the project area is attached.

To determine whether any cultural resources may be affected by the project, LSA has contacted the Eastern Information Center located at the University of California, Riverside to perform a records search for the project area. Results of the records search are pending. LSA has also contacted the Native American Heritage Commission (NAHC) to request a search of its Sacred Lands File (SLF) Results of the SLF search did not indicate the presence of Native American cultural resources within the proposed project area. However, you are being contacted because the NAHC has identified you as someone who may have information and/or concerns about cultural resources that could be impacted by the Eucalyptus Industrial Park Project.

Please contact me at your earliest convenience if you have comments or knowledge regarding the Eucalyptus Industrial Park Project and its potential to impact cultural resources. You may contact me at the above telephone number or address, or by email at [terri.fulton@lsa-assoc.com](mailto:terri.fulton@lsa-assoc.com). If you would like to speak with a City representative directly, I will be happy to provide contact information.

8/23/2011

If I do not receive a response from you, I will contact you by telephone or email in the near future to discuss any comments or concerns you may have. Thank you for your involvement in this process. Your input is important to this project, and I look forward to hearing from you.

Sincerely,

**LSA ASSOCIATES, INC.**

Good morning Terri,

The Santa Rosa Band of Cahuilla Indians would like to thank you for your consultation efforts in regards to the above mentioned project. After reviewing the project it has been determined that the Band does not have specific concerns at this time, however there is the possibility that cultural resources could be found. With this said, the Santa Rosa Band of Cahuilla Indians will defer further consultation and monitoring efforts to the Soboba Band of Luiseno Indians and their Cultural Resources Department. If you have any other questions please contact Mr. Joseph Ontiveros.

Thank you,  
Gabriella

Re: Eucalyptus Industrial Park Project

Dear Ms. Fulton,

The Pala Band of Mission Indians Tribal Historic Preservation Office has received your notification of the project referenced above. This letter constitutes our response on behalf of Robert Smith, Tribal Chairman.

We have consulted our maps and determined that the project as described is not within the boundaries of the recognized Pala Indian Reservation. The project is also beyond the boundaries of the territory that the tribe considers its Traditional Use Area (TUA). Therefore, we have no objection to the continuation of project activities as currently planned and we defer to the wishes of Tribes in closer proximity to the project area.

We appreciate involvement with your initiative and look forward to working with you on future efforts. If you have questions or need additional information, please do not hesitate to contact me by telephone at 760-891-3515 or by e-mail at [sgaughen@palatribe.com](mailto:sgaughen@palatribe.com).

Sincerely,

Shasta C. Gaughen, PhD  
Tribal Historic Preservation Officer  
Pala Band of Mission Indians

**ATTENTION: THE PALA TRIBAL HISTORIC PRESERVATION OFFICE IS RESPONSIBLE FOR ALL REQUESTS FOR CONSULTATION. PLEASE ADDRESS CORRESPONDENCE TO SHASTA C. GAUGHEN AT THE ABOVE ADDRESS. IT IS NOT NECESSARY TO ALSO SEND NOTICES TO PALA TRIBAL CHAIRMAN ROBERT SMITH.**

Chairman Macarro,

I sent a letter on July 25, 2011, notifying you of the Eucalyptus Industrial Park Project. The text of the letter is pasted below, and a map of the project area is attached. I am following up to see if you have any comments or concerns about this project and its potential to affect cultural resources. Please let me know at your earliest convenience. Thank you.

Best Regards,

Terri Fulton

**Subject:** SB 18 Native American Consultation for the Eucalyptus Industrial Park Project, City of Moreno Valley, Riverside County, California

Mr. Macarro:

LSA Associates, Inc. (LSA) was retained by the City of Moreno Valley (City) to conduct a cultural resources assessment of the approximately 121-acre (ac) project site for the Eucalyptus Industrial Park project in the City of Moreno Valley, Riverside County, California. The project is depicted on the *Sunnymead, California* United States Geological Survey 7.5-minute topographic quadrangle map in Section 2, Township 3 South, Range 3 West, San Bernardino Baseline and Meridian. The project is bounded by California State Route 60 on the north, Pettit Street on the west, Quincy Street on the east, and Eucalyptus Avenue on the south. The cultural resources assessment is being conducted pursuant to the California Environmental Quality Act (CEQA).

A General Plan Amendment is now proposed for the project location. This letter of notification regarding the Eucalyptus Industrial Park Project is being sent on behalf of the City as part of the Native American scoping for Senate Bill 18 (SB 18 [Burton]) consultation. SB 18 states that local California governments consult with Native American tribes and groups when a General Plan amendment is being proposed. A map of the project area is attached.

To determine whether any cultural resources may be affected by the project, LSA has contacted the Eastern Information Center located at the University of California, Riverside to perform a records search for the project area. Results of the records search are pending. LSA has also contacted the Native American Heritage Commission (NAHC) to request a search of its Sacred Lands File (SLF) Results of the SLF search did not indicate the presence of Native American cultural resources within the proposed project area. However, you are being contacted because the NAHC has identified you as someone who may have information and/or concerns about cultural resources that could be impacted by the Eucalyptus Industrial Park Project.

Please contact me at your earliest convenience if you have comments or knowledge regarding the Eucalyptus Industrial Park Project and its potential to impact cultural resources. You may contact me at the above telephone number or address, or by email at [terri.fulton@lsa-assoc.com](mailto:terri.fulton@lsa-assoc.com). If you would like to speak with a City representative directly, I will be happy to provide contact information.

If I do not receive a response from you, I will contact you by telephone or email in the near future to discuss any comments or

concerns you may have. Thank you for your involvement in this process. Your input is important to this project, and I look forward to hearing from you.

Sincerely,

**LSA ASSOCIATES, INC.**

**Re: SB 18 Consultation for the Eucalyptus Industrial Park Project, in the City of Moreno Valley, Riverside County, California**

The Soboba Band of Luiseño Indians appreciates your observance of Tribal Cultural Resources and their preservation in your project. The information provided to us on said project has been assessed through our Cultural Resource Department, where it was concluded that although it is outside the existing reservation, the project area does fall within the bounds of our Tribal Traditional Use Areas. This project location is in close proximity to known village sites and is a shared use area that was used in ongoing trade between the Luiseno and Cahuilla tribes. Therefore it is regarded as highly sensitive to the people of Soboba.

Soboba Band of Luiseño Indians is requesting the following:

1. **Government to Government** consultation in accordance to SB18. Including the transfer of information to the Soboba Band of Luiseno Indians regarding the progress of this project should be done as soon as new developments occur.
2. Soboba Band of Luiseño Indians continue to be a lead consulting tribal entity for this project.
3. Working in and around traditional use areas intensifies the possibility of encountering cultural resources during the construction/excavation phase. For this reason the Soboba Band of Luiseño Indians requests that Native American Monitor(s) from the Soboba Band of Luiseño Indians Cultural Resource Department to be present during any ground disturbing proceedings. Including surveys and archaeological testing.
4. Request that proper procedures be taken and requests of the tribe be honored (Please see the attachment)

Sincerely,

Joseph Ontiveros  
Soboba Cultural Resource Department  
P.O. Box 487

Phone (951) 654-5544 ext. 4137  
Cell (951) 663-5279  
[jontiveros@soboba-nsn.gov](mailto:jontiveros@soboba-nsn.gov)

**Cultural Items (Artifacts).** Ceremonial items and items of cultural patrimony reflect traditional religious beliefs and practices of the Soboba Band. The Developer should agree to return all Native American ceremonial items and items of cultural patrimony that may be found on the project site to the Soboba Band for appropriate treatment. In addition, the Soboba Band requests the return of all other cultural items (artifacts) that are recovered during the course of archaeological investigations. Where appropriate and agreed upon in advance, Developer's archeologist may conduct analyses of certain artifact classes if required by CEQA, Section 106 of NHPA, the mitigation measures or conditions of approval for the Project. This may include but is not limited or restricted to include shell, bone, ceramic, stone or other artifacts.

The Developer should waive any and all claims to ownership of Native American ceremonial and cultural artifacts that may be found on the Project site. Upon completion of authorized and mandatory archeological analysis, the Developer should return said artifacts to the Soboba Band within a reasonable time period agreed to by the Parties and not to exceed (30) days from the initial recovery of the items.

#### **Treatment and Disposition of Remains**

A. The Soboba Band shall be allowed, under California Public Resources Code § 5097.98 (a), to (1) inspect the site of the discovery and (2) make determinations as to how the human remains and grave goods shall be treated and disposed of with appropriate dignity.

B. The Soboba Band, as MLD, shall complete its inspection within twenty-four (24) hours of receiving notification from either the Developer or the NAHC, as required by California Public Resources Code § 5097.98 (a). The Parties agree to discuss in good faith what constitutes "appropriate dignity" as that term is used in the applicable statutes.

C. Reburial of human remains shall be accomplished in compliance with the California Public Resources Code § 5097.98 (a) and (b). The Soboba Band, as the MLD in consultation with the Developer, shall make the final discretionary determination regarding the appropriate disposition and treatment of human remains.

D. All parties are aware that the Soboba Band may wish to rebury the human remains and associated ceremonial and cultural items (artifacts) on or near, the site of their discovery, in an area that shall not be subject to future subsurface disturbances. The Developer should accommodate on-site reburial in a location mutually agreed upon by the Parties.

E. The term "human remains" encompasses more than human bones because the Soboba Band's traditions periodically necessitated the ceremonial burning of human remains. Grave goods are those artifacts associated with any human remains. These items, and other funerary remnants and their ashes are to be treated in the same manner as human bone fragments or bones that remain intact

**Coordination with County Coroner's Office.** The Lead Agencies and the Developer should immediately contact both the Coroner and the Soboba Band in the event that any human remains are discovered during implementation of the Project. If the Coroner recognizes the human remains to be those of a Native American, or has reason to believe that they are those of a Native American, the Coroner shall ensure that notification is provided to the NAHC within twenty-four (24) hours of the determination, as required by California Health and Safety Code § 7050.5 (c).

**Non-Disclosure of Location Reburials.** It is understood by all parties that unless otherwise required by law, the site of any reburial of Native American human remains or cultural artifacts shall not be disclosed and shall not be governed by public disclosure requirements of the California Public Records Act. The Coroner, parties, and Lead Agencies, will be asked to withhold public disclosure information related to such reburial, pursuant to the specific exemption set forth in California Government Code § 6254 (r).

Ceremonial items and items of cultural patrimony reflect traditional religious beliefs and practices of the Soboba Band. The Developer agrees to return all Native American ceremonial items and items of cultural patrimony that may be found on the project site to the Soboba Band for appropriate treatment. In addition, the Soboba Band requests the return of all other cultural items (artifacts) that are recovered during the course of archaeological investigations. Where appropriate and agreed upon in advance, Developer's archeologist may conduct analyses of certain artifact classes if required by CEQA, Section 106 of NHPA, the mitigation measures or conditions of approval for the Project. This may include but is not limited or restricted to include shell, bone, ceramic, stone or other artifacts.

**Subject:** SB 18 Native American Consultation for the Eucalyptus Industrial Park Project, City of Moreno Valley, Riverside County, California

Mr. Salgado:

LSA Associates, Inc. (LSA) was retained by the City of Moreno Valley (City) to conduct a cultural resources assessment of the approximately 121-acre (ac) project site for the Eucalyptus Industrial Park project in the City of Moreno Valley, Riverside County, California. The project is depicted on the *Sunnymead, California* United States Geological Survey 7.5-minute topographic quadrangle map in Section 2, Township 3 South, Range 3 West, San Bernardino Baseline and Meridian. The project is bounded by California State Route 60 on the north, Pettit Street on the west, Quincy Street on the east, and Eucalyptus Avenue on the south. The cultural resources assessment is being conducted pursuant to the California Environmental Quality Act (CEQA).

A General Plan Amendment is now proposed for the project location. This letter of notification regarding the Eucalyptus Industrial Park Project is being sent on behalf of the City as part of the Native American scoping for Senate Bill 18 (SB 18 [Burton]) consultation. SB 18 states that local California governments consult with Native American tribes and groups when a General Plan amendment is being proposed. A map of the project area is attached.

To determine whether any cultural resources may be affected by the project, LSA has contacted the Eastern Information Center located at the University of California, Riverside to perform a records search for the project area. Results of the records search are pending. LSA has also contacted the Native American Heritage Commission (NAHC) to request a search of its Sacred Lands File (SLF) Results of the SLF search did not indicate the presence of Native American cultural resources within the proposed project area. However, you are being contacted because the NAHC has identified you as someone who may have information and/or concerns about cultural resources that could be impacted by the Eucalyptus Industrial Park Project.

Please contact me at your earliest convenience if you have comments or knowledge regarding the Eucalyptus Industrial Park Project and its potential to impact cultural resources. You may contact me at the above telephone number or address, or by email at

8/23/2011

terri.fulton@lsa-assoc.com. If you would like to speak with a City representative directly, I will be happy to provide contact information.

If I do not receive a response from you, I will contact you by telephone or email in the near future to discuss any comments or concerns you may have. Thank you for your involvement in this process. Your input is important to this project, and I look forward to hearing from you.

Sincerely,

LSA Associates, Inc.  
Native American Consultation

RE: Eucalyptus Industrial Park Project  
Moreno Valley, California

Dear Ms. Fulton:

Thank you for contacting the Cahuilla Band of Indians concerning the above referenced project. We presently have no knowledge of any cultural resources within the plan project; however, although the project area is outside the Cahuilla Indian Reservation territory, it is not outside the Traditional Use Area for the Cahuilla Band of Indians and we are requesting copies of archeological and /or cultural resource documentation if any.

Finally, working in and around traditional use areas intensifies the possibility of encountering cultural resources during the construction/excavation phase. For this, the Cahuilla Band of Indians requests Cultural Resource Monitor(s) to be present during any ground disturbing proceedings. The Cahuilla tribe does have trained and certified Native American Monitors who are qualified to monitor construction and archaeological activities. Please contact the Cahuilla Tribal Environmental Protection Office (CTEPO) for proposed monitoring.
