

A primary goal of the Moreno Valley Parks & Community Services Department is to develop and maintain a system of multi-use trails accessible to the public for recreational use within, through, and at the border of the Community Services District's service areas.

Presently, the City has more than 18 linear miles of developed bikeways and 10 linear miles of multi-use trails.

ADOPT —A— TRAIL VOLUNTEER PROGRAM

How it benefits your community:

- Provides** recreational opportunities and open spaces for outdoor education
- Encourages** new business
- Promotes** local community
- Contributes** to the appearance of your neighborhood
- Attracts** jobs and tourism

HOW THE PROGRAM WORKS

The Adopt-A-Trail Program is sponsored by the Recreational Trails Board in conjunction with the City of Moreno Valley. The purpose of the program is to foster volunteerism or sponsorship that reduces the cost of trail maintenance and encourages the use of trails.

Who can participate in the program?

Individuals, private corporations, service organizations, and nonprofit organizations.

Can my organization adopt a specific trail within the City?

Yes, exact trail segment assignments are available on a first-come, first-served basis providing an opportunity for all to participate. Waiting lists will be established for segments with interest by more than one party. The agreement may be renewed as often as desired by the participant.

What does my organization need to do to adopt a trail?

Applications may be obtained from the Parks & Community Services Department, Parks Maintenance Division, located at the Moreno Valley Corporate Yard, 15670 Perris Boulevard or www.moval.org.

What is the term of our commitment?

Before making a one-year commitment to remove litter and maintain the trail, first-time participants will be encouraged to maintain an assigned trail on a one-time trial basis. The actual agreement will be to remove litter at least four times a year, for a period of one year.

What other ways can we get involved in the Adopt-A-Trail program?

Contributions, sponsorship, and in-kind services are all positive ways to encourage trail maintenance and development.
