For the last nine years, I have been actively engaged with Moreno Valley residents and small businesses on a daily basis, and not because I am running for office. My social media platform, and volunteer gig, Moreno Valley Matters, provides daily news and information about our city. It is the place where 100,000+ followers get help for problems like finding lost dogs, rentals, sharing good news, venting frustrations, business recommendations, reporting public safety, and being informed. While there are critics of social media, no one can deny its role in connecting the community and giving people a forum to be heard.

Teachers love to talk but MVM has taught me to listen. I want what other residents want.

My priorities are:

- acceleration of road repairs
- beautification of business areas
- swimming lessons available to our youth
- reduce/eliminate street sweeping fines
- enhance pet services
- helping donkeys
- improving public safety
- financial assistance for improving residential areas
- transparency and creating unity on the council

If you're tired of the status quo, please vote for Debra Craig. Regardless of the outcome, I am dedicated to improving the quality of life in Moreno Valley.
