

Form CD-1 Waste Management and Recycling Plan

The City of Moreno Valley (City) requires all building and demolition permit applicants to prepare a waste management and recycling plan. Complete this form for waste generated as a result of work performed in the City. Per Municipal Code 6.02.070, all applicants must utilize the City's franchise waste hauler for collection unless exempted (see below). Contact Waste Management, Inc. at 866-445-8296 to [set-up a C&D project account](#). For tonnage report inquiries, please contact Karla Tovar at ktovar@wm.com or call 714-480-2317.

This report is to be completed and submitted to the City's Building and Safety Division with your building permit application and emailed to the Solid Waste and Recycling Program - recycle@moval.org.

SECTION A – General Information

Job Site Address _____ Building Permit # _____

Applicant's Name _____ Title _____

Company _____ Phone # _____

Company Address _____ City _____ State _____ Zip _____

Fax # _____ E-mail address _____

Type of project: ☐ new construction ☐ demolition ☐ renovation

SECTION B –Exemption from Mandatory Use of Franchise Waste Hauler

Per Municipal Code 6.02.070, all applicants must utilize the City's franchise waste hauler for collection **unless** one of the following exemption criteria applies to your project. **If you fall under one of the exemptions stated below, you do not have to use the franchise hauler.** Indicate below which, if any, exemption criteria applies to the project:

- _____ Project not applicable for exemption. The City's franchise hauler will be utilized for trash/recycling services.
- _____ Project is limited to the removal of special waste
- _____ Project is limited to public improvement or utility work within existing public right-of-way and/or easements
- _____ Placement of a stationary bin is not feasible due to project scope and/or operations
- _____ New residential construction or alterations of one unit only
- _____ Roofing projects that do not include tear-off of existing roof
- _____ Work for which only plumbing, electrical, or mechanical permits are required
- _____ Seismic tie-down projects
- _____ Installation or replacement of shelves
- _____ Installation of pre-fabricated patio enclosures and covers where no foundation or other structural building modification are required
- _____ Installations of swimming pools and spas, provided that the exemption shall only apply to the areas to be excavated for the installation of the pool or spa and the area for the pad for the pool/spa equipment that does not exceed three thousand (3000) square feet and shall not apply to any related construction or alterations necessary for any other equipment, not to any other portion of the project
- _____ Installation of prefabricated accessories such as signs or antennas, where no structural building modifications are required.

SECTION C – Estimated Disposal Tonnage

How much waste do you expect to generate for disposal through your project? Specify _____tons/loads

MANDATORY REQUIREMENTS

1. If Waste Management, Inc. is utilized, submit Diversion Report with the CD-2 form at the completion of the project.
2. If Waste Management, Inc. is not utilized, submit CD-2 and CD-3 forms with weight tickets at the completion of the project.
