AND DRY CLEANING BAGS
(REMOVE PAPER AND HANGERS)

packaging wraps

CASE WRAP, NAPKIN, PAPER
TOWEL, BATHROOM TISSUE,
AND DIAPER PACKAGING BAGS

California has mandated, through the At-Store Recycling Program, that plastic carryout bag recycling drop-off bins be made available at all regulated supermarkets and large retail stores with a pharmacy. Make sure bags are clean and dry. Do not include degradable bags, pre-washed salad bags, frozen food bags, or material that has been painted or glued, as other substances can contaminate the recycled material.
